Santa and Elf Buddies

Uses these skins with the Robot Buddy Body template to create Santa and a helpful Elf!

Written By: Joshua

INTRODUCTION

Uses these skins with the Robot Buddy Body template to create Santa and a helpful Elf! If you want to get really silly add a vibrating motor into Santa to watch him jiggle like a bowl full of jelly!

TOOLS:

- Scissors (1)
- Colored Pencils (1)

PARTS:

- Origami Circuits Kit (1)
- Paper Circuits Kit (1)
- Maker Tape (1)

Step 1 — Tips and Tricks

- Create a basic Robot Buddy body using the Robot Buddy Template. Add in your LEDs or vibrating motor of choice.
- Print off the Santa and Elf templates. Color them, cut them, and glue them on.
