INTRODUCTION

A fun Valentines Day card using two LEDs that turn on via a paper switch. Fate LED me to you!

TOOLS:

- Scissors (1)

PARTS:

- Paper Circuits Kit (1)

Step 1 — Tips and Tricks

- Use Maker Tape for this project (as it's conductive on top and bottom) to make the connections and folds simple.
- Print double sided on card stock or heavy paper.
- Decorate and color **first**, then add tape and LEDs.
