INTRODUCTION

This fun paper craft project is a great Valentines Day paper circuits project. Cut out the template, add tape, and fold! When the two halves come together the LED turns on!

-  **TOOLS:**
- [Scissors](#) (1)

-  **PARTS:**
- [Paper Circuits Kit](#) (1)

Step 1 — Tips and Tricks

- Cut the parts out and then add decorations and and text.
- Then add Tape and LEDs. If your tape isn't making the best contact try adding a couple of layers of tape where they meet.
