

Day of the Dead Circuit Projects eBook

Download our Day of the Dead Circuit Projects eBook

Written By: Pete Prodoehl

INTRODUCTION

The projects in this eBook can be created using our **Paper Circuits Kit** or our **Origami Circuits Kit**. Follow the included instructions for your chosen project. You'll need your own paper, tape, glue, and scissors, as well as a safety pin or push pin to make holes in the paper for the LED legs.

TOOLS:

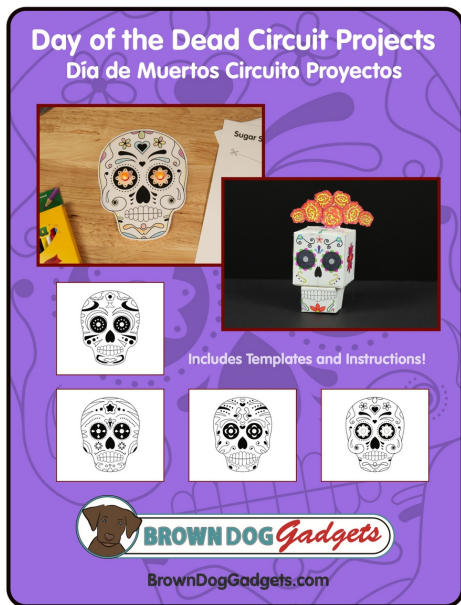

- [Clear Tape](#) (1)
- [Glue](#) (1)
- [Scissors](#) (1)
- [Safety Pin](#) (1)

PARTS:

- [Paper Circuits Kit](#) (1)
- [Origami Circuits Kit](#) (1)

Step 1 — Download PDF

- This free 13 page eBook contains four templates for a paper circuits project and one origami circuits project.
- Just scroll to the bottom of the page to view the PDF in the **Attached Documents** section.
