Minecraft-Inspired Paper Circuits eBook

Download our Minecraft-Inspired Paper Circuits eBook

Written By: Pete Prodoehl

INTRODUCTION

The projects in this eBook can be made with our **Paper Circuits Kit** or **Origami Circuits Kit**. Most require Maker Tape, a CR2032 Battery, and either a Jumbo 10mm LED or a Vibrating Motor. (You'll need to supply your own paper, scissors, tape, and colored pencils, crayons, or markers.)

TOOLS:

- Scissors (1)
- Clear Tape (1)
- Markers, Crayons, or Colored Pencils (1)

PARTS:

- Paper Circuits Kit (1)
