Light-Up Glasses eBook

Download our Light-Up Glasses eBook.

Written By: Pete Prodoehl

INTRODUCTION

The projects in this eBook can be created using our **Paper Circuits Kit** or our **Origami Circuits Kit**.

Follow the included instructions for your chosen project. You'll need your own paper, tape, glue, and scissors, as well as a safety pin or push pin to make holes in the paper for the LED legs.

TOOLS:

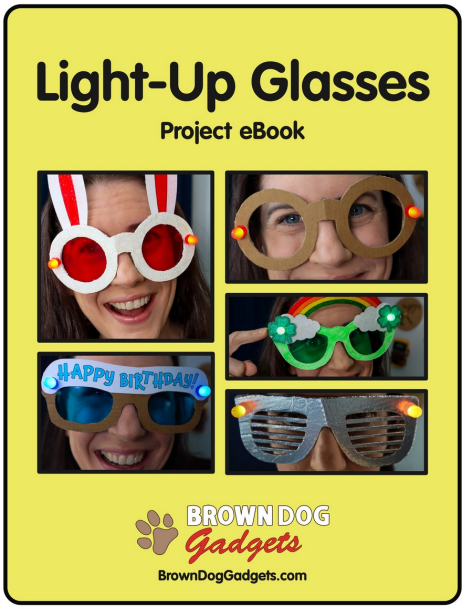

- Scissors (1)
- Glue (1)
- Clear Tape (1)
- Markers, Crayons, or Colored Pencils (1)

PARTS:

- Paper Circuits Kit (1)
