INTRODUCTION

Instructions for a 2025 update to our popular Solar Bugs! New illustrations! More coloring area! Templates that feature wings and legs already attached!

TOOLS:

- [Scissors](#) (1)
- [Markers, Crayons, or Colored Pencils](#) (1)

PARTS:

- [Solar Bug 2.0 Kit](#) (1)

Your Solar Bug is now complete! Take it outside in full sunlight and watch it get more active just like bugs of all kinds do in real life!
