

03 - Connecting to Global Shop

Written By: Eric Sutter

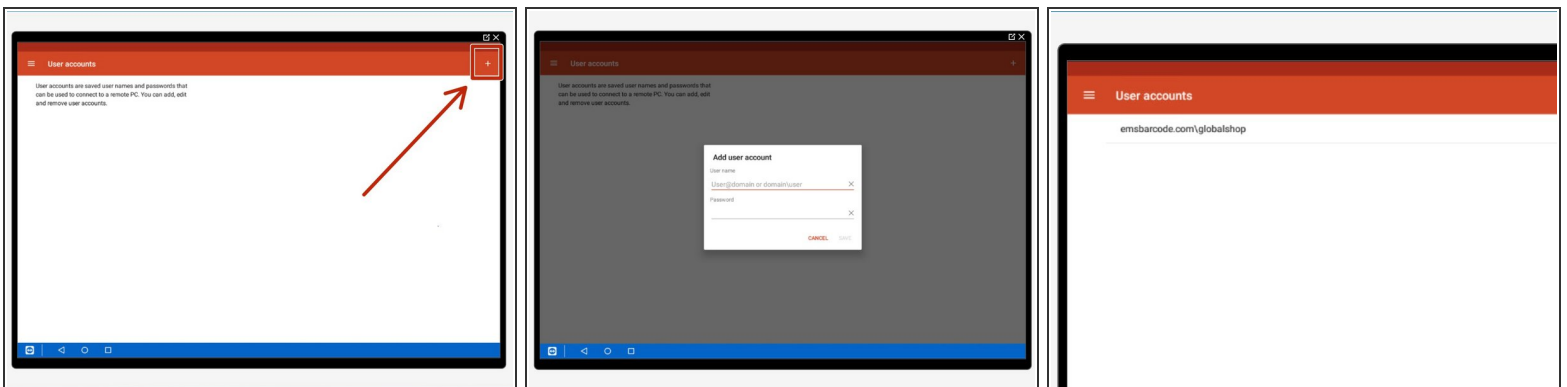

Step 1 — Initializing Microsoft Remote

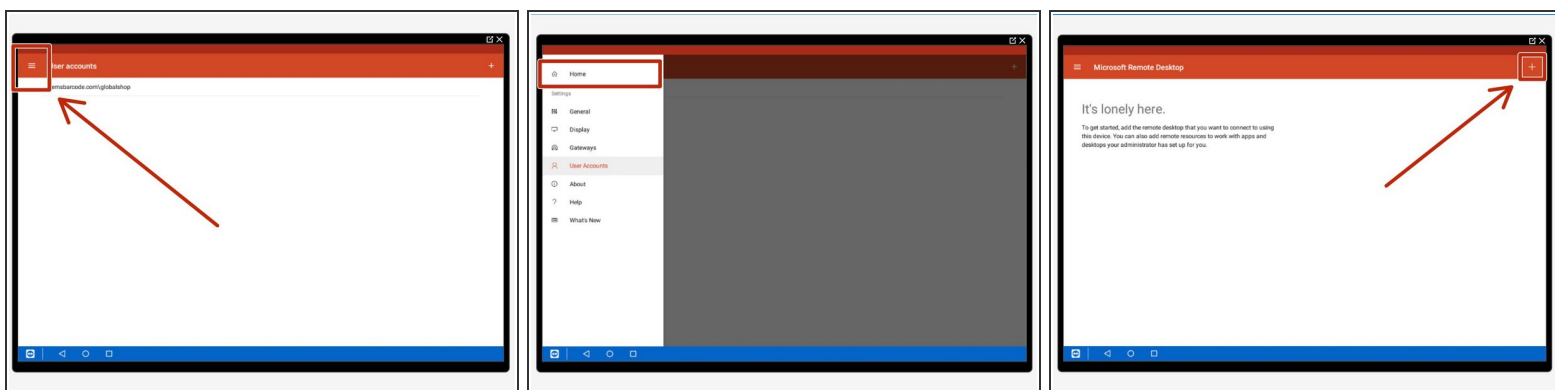

- Open 'RD Client'
- Tap the three bars on the top left
- Choose 'User Account'

Step 2 — Setting up a User

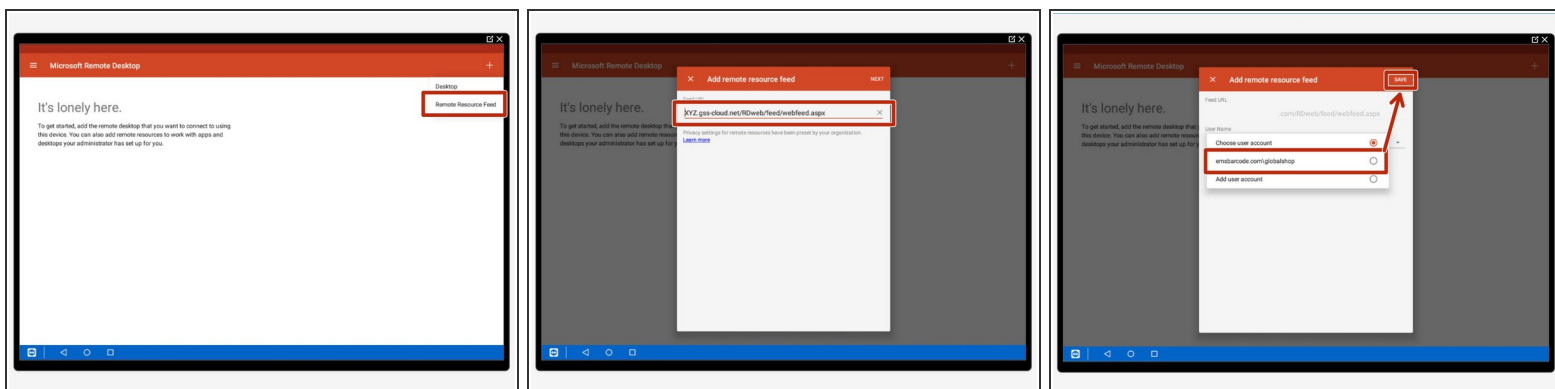

- Tap the '+' on the top right
- Insert the username and password provided to you from Global Shop
- Your user should now appear in this section

Step 3 — Return to 'Home'

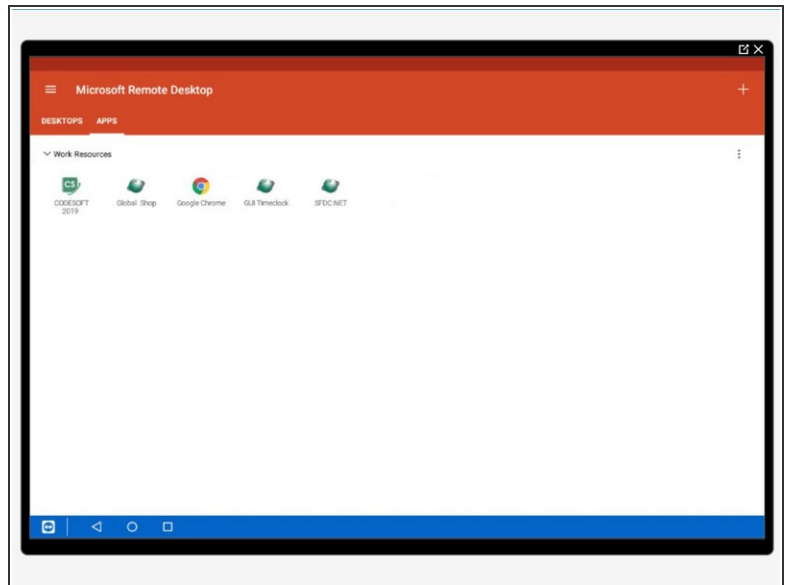

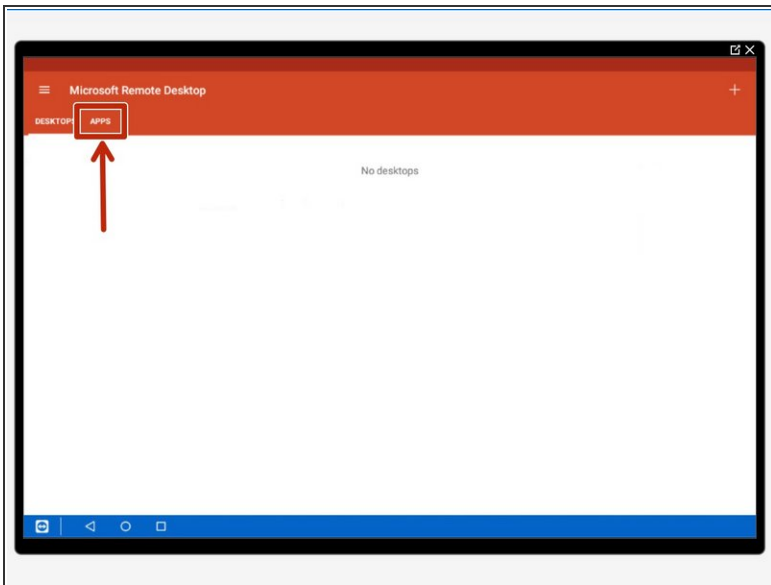

- Tap the three bars on the top left
- Tap 'Home'
- Tap the '+' on the top right

Step 4 — Applying the User

- Select 'Remote Resource Feed' from the dropdown menu
- Insert your URL provided to you by GSS
 - It will be formatted similar to Image 2 where XYZ is your company name/abbreviation.
 - XYZ.gss-cloud.net/RDwed/feed/webfeed.aspx
- Select the user previously logged in and tap 'Save'
- The app will then take a moment to update to this change

Step 5 — Select 'Apps'

- Select 'Apps' from the top 2 tabs
- Your screen will look like Image 2
