

View EFR

This guide will walk you through the required steps to view you EFRs.

Written By: Support

Step 1 — Select Fields from the Farmobile DataEngineSM Platform

- Selecting Fields from the Farmobile DataEngine platform menu will open the Fields page with all of your Farms and Fields listed and displayed on the map.

Step 2 — Select a Field

- Select a field to open the field details page.
 - Click on a field within your field list.
 - Or, select a boundary on the map to open the pop-up. Then select the pop-up.
- The field details page will open with the most recent EFR heatmap loaded.

Step 3 — View EFR

- EFR's are listed in reverse chronological order, with the most recent agronomic activity for the selected field listed at the top.
- The most recent EFR will by default have the heatmap toggled on to view on the map.
- Review the key agronomic values for each EFR.
- Toggle on each EFR to view on the map.
- Select the drop down menu in the top-left corner of the map to display another agronomic attribute on the map.
- Note: If agronomic data is unavailable for the selected attribute, a grey machine path will be displayed.
