— Verify LED and Secure Device

ⓘ If installing an **IOX** accessory please use the correct guide from here before performing the steps below.

- Plug in the GO device.

⚠ ***Start Vehicle.***

- Verify LED pattern.
- The device emits ***2 quick beeps*** every 60 seconds during setup. Once all three LEDs turn solid you will hear ***10 quick beeps.***

This document was generated on 2024-12-26 11:15:46 PM (MST).

- Secure the device to the harness using the included black serialized cable tie.

⚠ ***Trim any excess cable tie flush.***
