Chain Hoist Rain Cover Installation - G1/G2

PN #34799 (LH) and PN #34801 (RH)

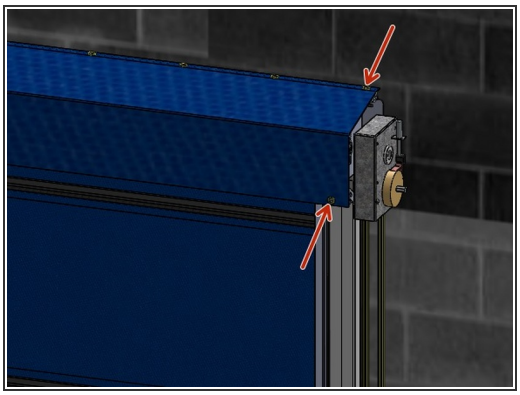

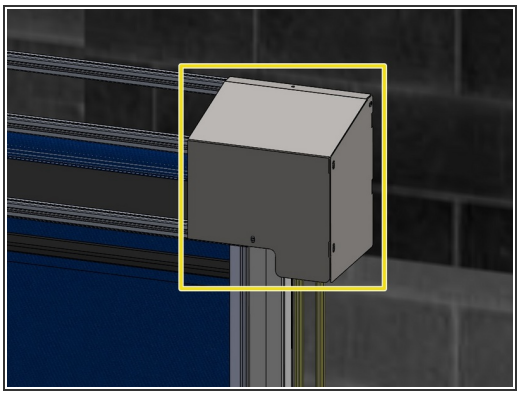

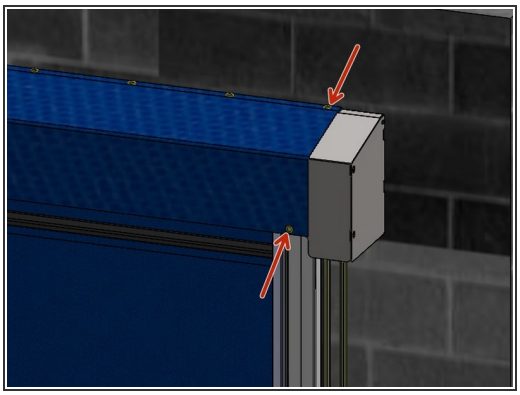

Written By: Trent Borgardt

TOOLS:

- #3 Phillips Screw Driver (1)

Step 1 — Installing the Chain Hoist Rain Cover

- With the Chain Hoist Assembly Installed on the Drive Shaft:
- Remove the Top and Bottom Corner Screws holding the Vinyl Roll Cover in place, and Flip the Valance out of the way, Temporarily.
- Drop the Chain Hoist Cover onto the Header and over the Chain Hoist Assembly.
  - ⓘ Vinyl Roll Cover Omitted completely for Clarity.
- Fold the Valance back over the Header AND the Chain Hoist Cover.
- Replace the (2) Screws through the Grommets in the Vinyl Cover AND the Holes in the Chain Hoist Cover to Secure it in Place.
