Step 1 — Raise and Attach Roll Header Assembly

⚠ Use two (2) people, and two ladders at minimum to Install the Roll Header Assembly

- Raise the Roll Header Assembly into place on the Projection Brackets.
- Loosely tighten with three (3) sets of ¼-20 screws and hex nuts per side.
- Do not fully tighten hardware until the Header Assembly Brackets are aligned with the Projection Bracket's edges.
- Check the Header Assembly for level, and make any necessary final adjustments.
- Once aligned, fully tighten all six sets of hardware.
- At this point leave the roll assembly tied off and held in place as it comes.
