5c. Visually Record Data - Deaths

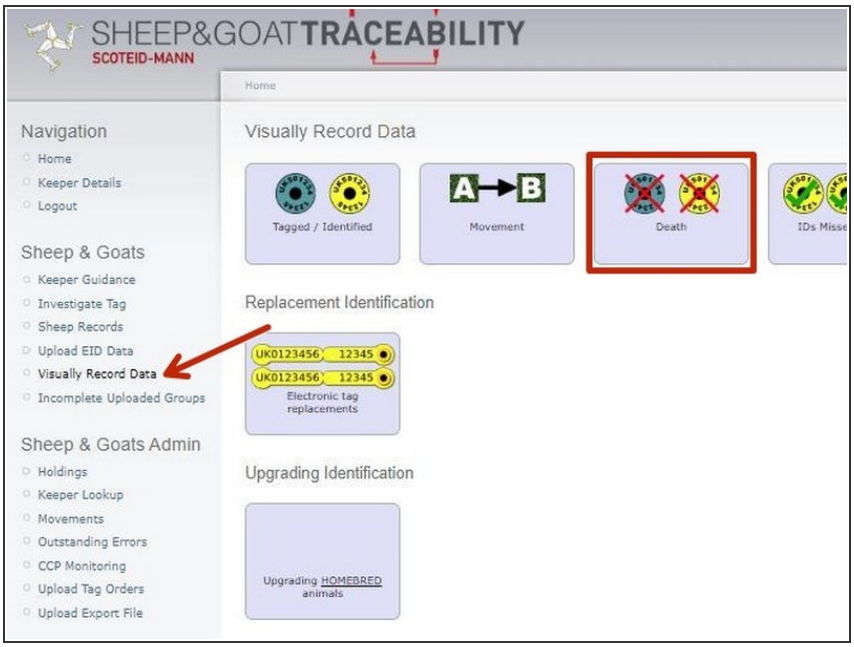

How to visually record sheep death data

Written By: ScotEID

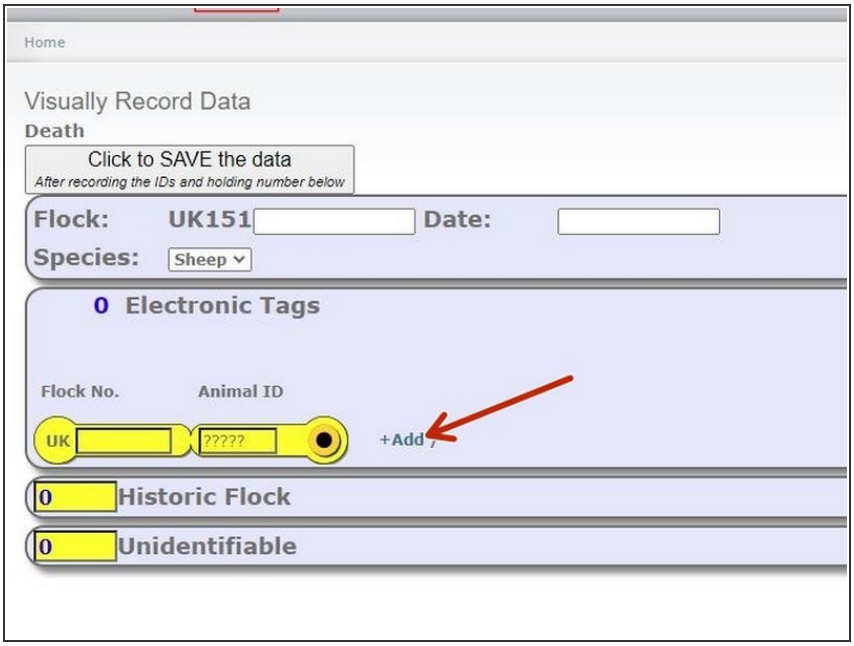

© 2024

Step 1 — Recording a death

- Underneath the Sheep header, click on Visually Record Data
- Then click on the Death button within the Visually Record Data section

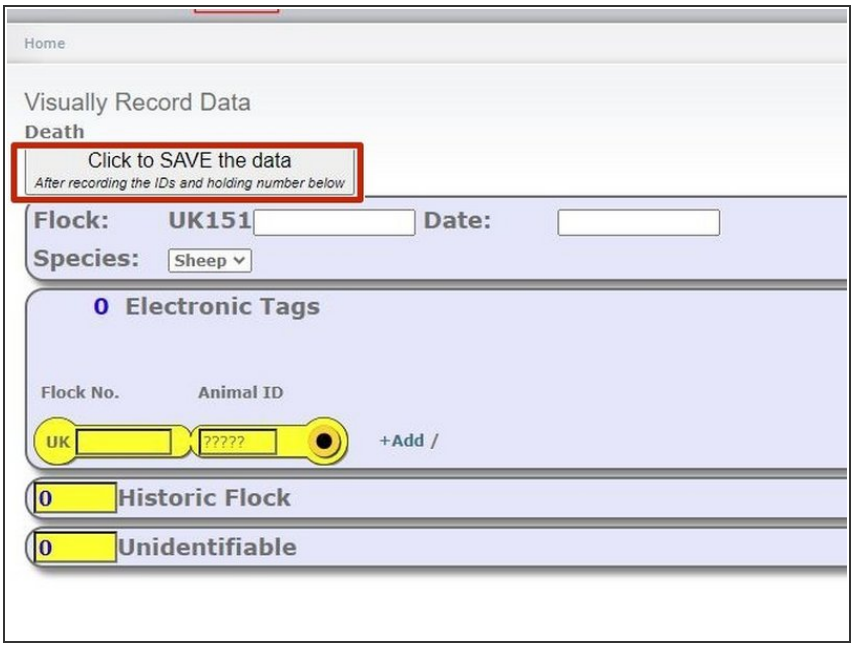

Step 2 — Enter death details

- Enter your CPH then enter the date the animal died and the species (sheep or goat).
- Next, enter the tag ID of the animal, if more than 1 animal click on the +Add button.

This document was generated on 2024-01-02 12:42:26 PM (MST).

Step 3 — Save details

- Lastly, click on Click to SAVE the data box at the top of the page.
