Windows 11 - First Boot - PC Setup

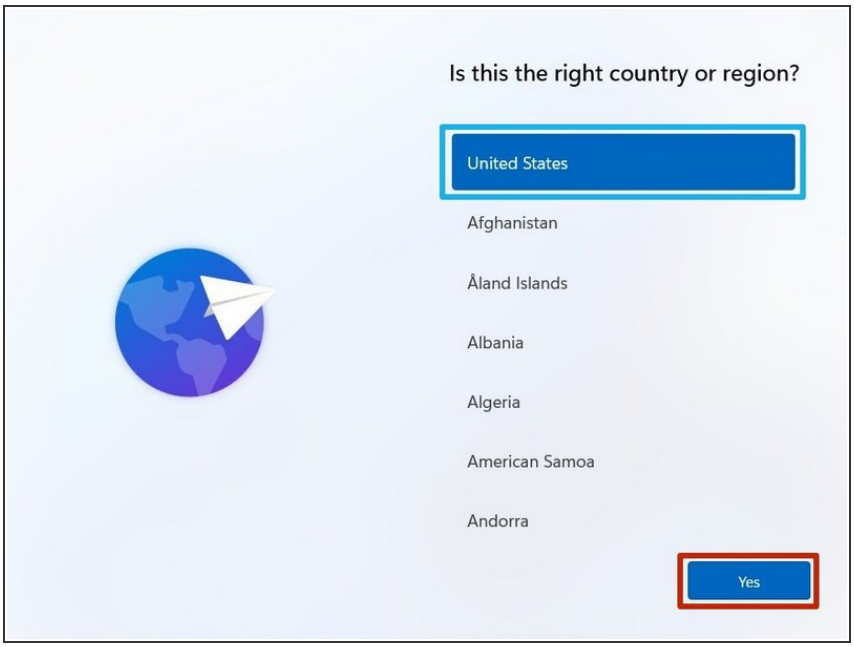

Written By: Brendon Welch

INTRODUCTION

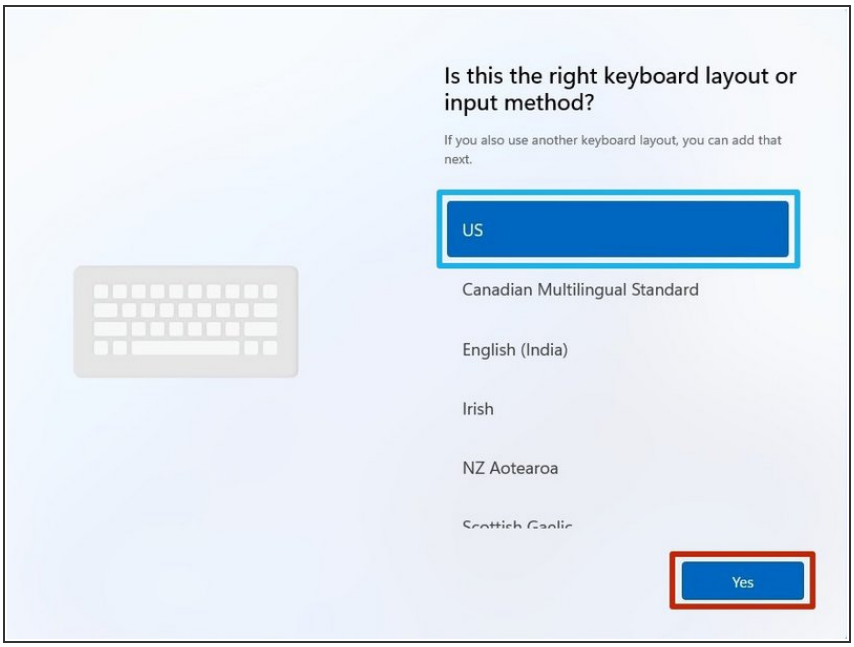

Employees who are sent a Lenovo Mini PC and monitors must sign into their computers for use with T2 Tech Group. This includes using your Okta Verify account to authorize the use of your PC.

Step 1 — Windows 11 - First Boot - PC Setup

- Select your **Region**
- Click **Yes**

Step 2

- Select your **Keyboard Layout**
- Click **Yes**

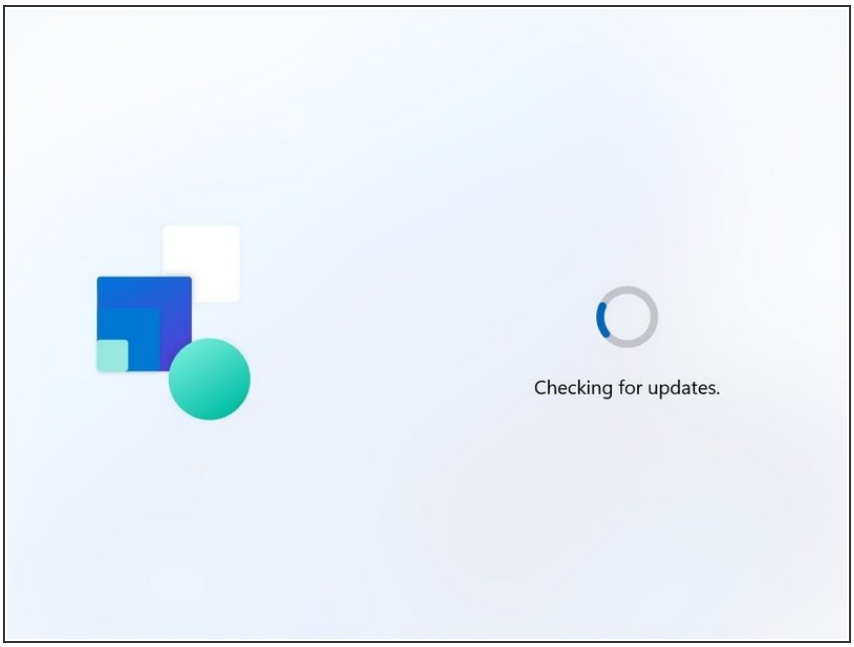

Step 3

ⓘ A second keyboard layout should not be required.

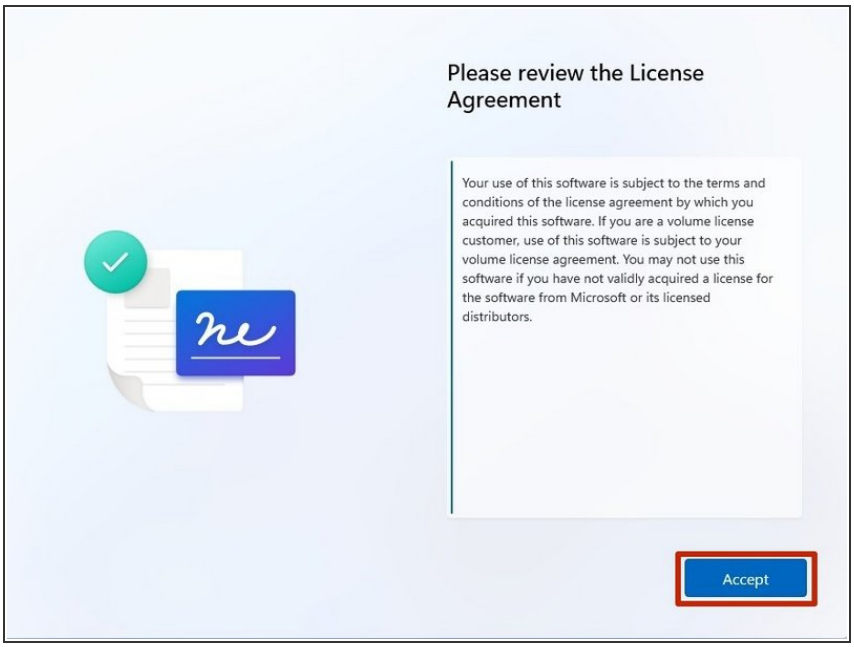

- Click **Skip**

Step 4

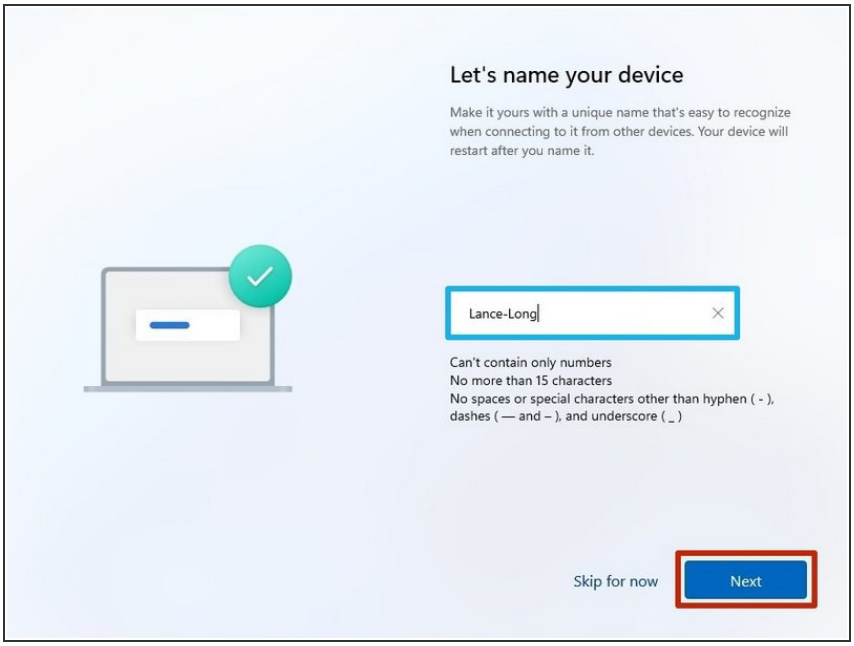

ⓘ Windows will perform some background tasks. It can take a moment or two.

Step 5

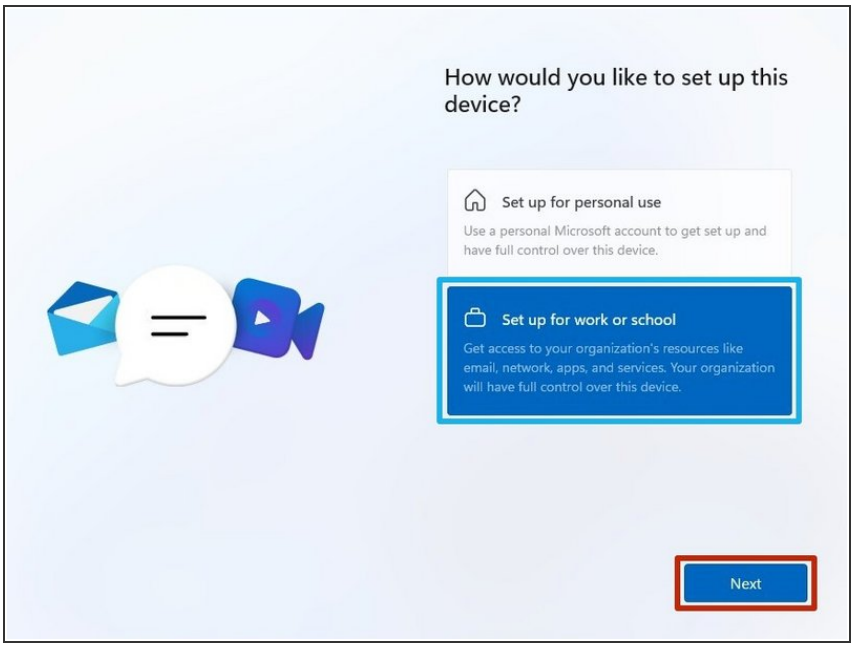

- Review and **Accept** the Windows 11 License Agreement

Step 6

- The PC name must be your *firstname-lastname*.
- Enter the **PC Name**
- **Example:** *lance-long*
- Click **Next**

Step 7

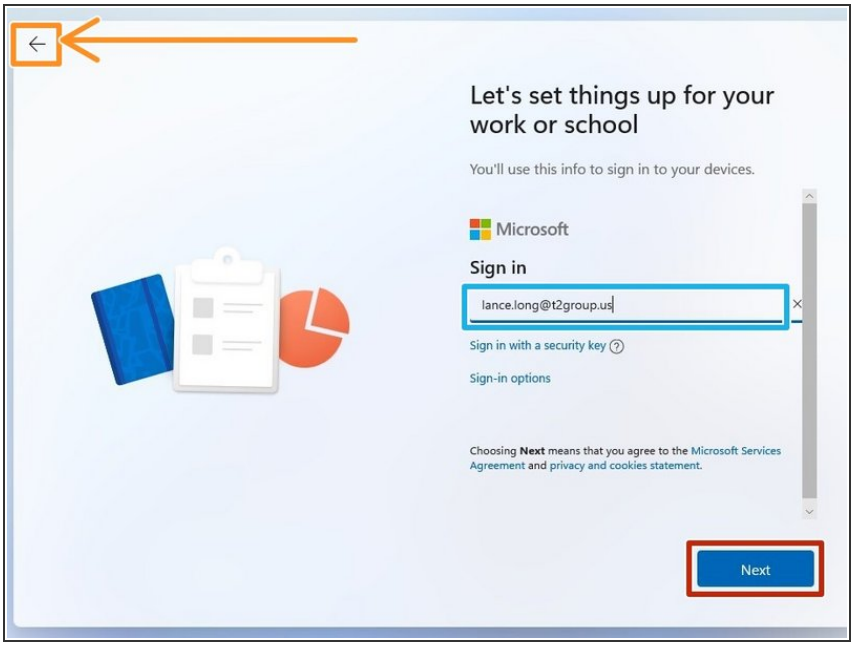

⚠ **Do NOT select "Set up for personal use".**

ⓘ **This computer must be set up for use with T2 Tech Group.**

- Select **Set up for work or school**
- Click **Next**

Step 8

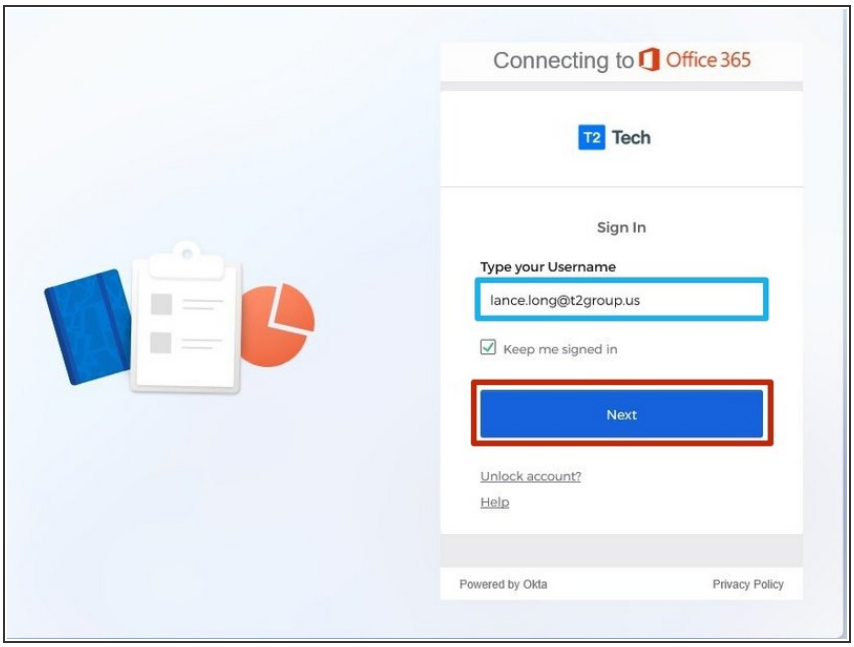

⚠ **Make sure that your screen matches, and you are prompted to *Sign in with Microsoft.***

- **Go Back** if necessary
- Enter your **T2 Tech Group email address**
- Click **Next**

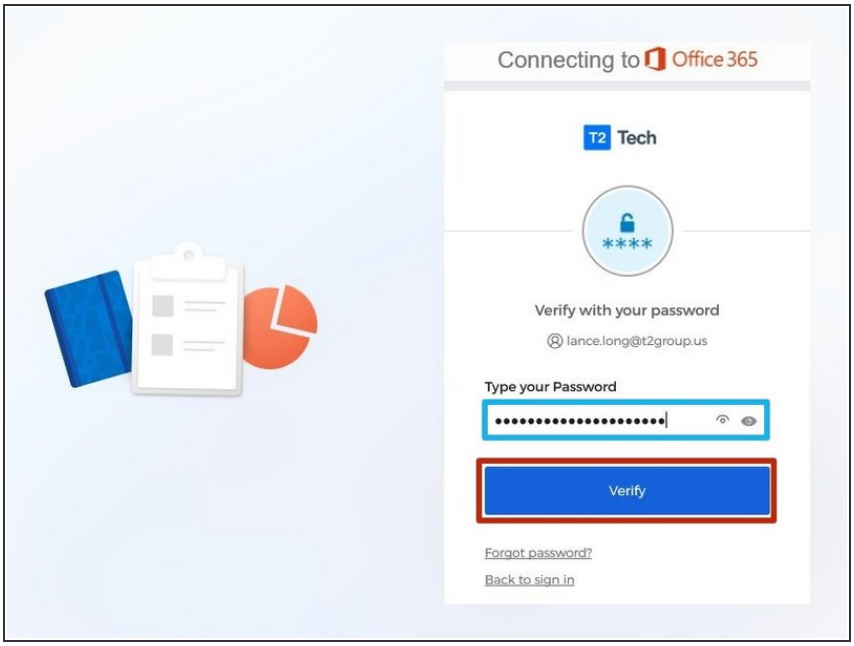

If you mistakenly chose *"For personal use"* in the previous step, and proceed, you will need to reinstall Windows on your PC and start over.

Step 9

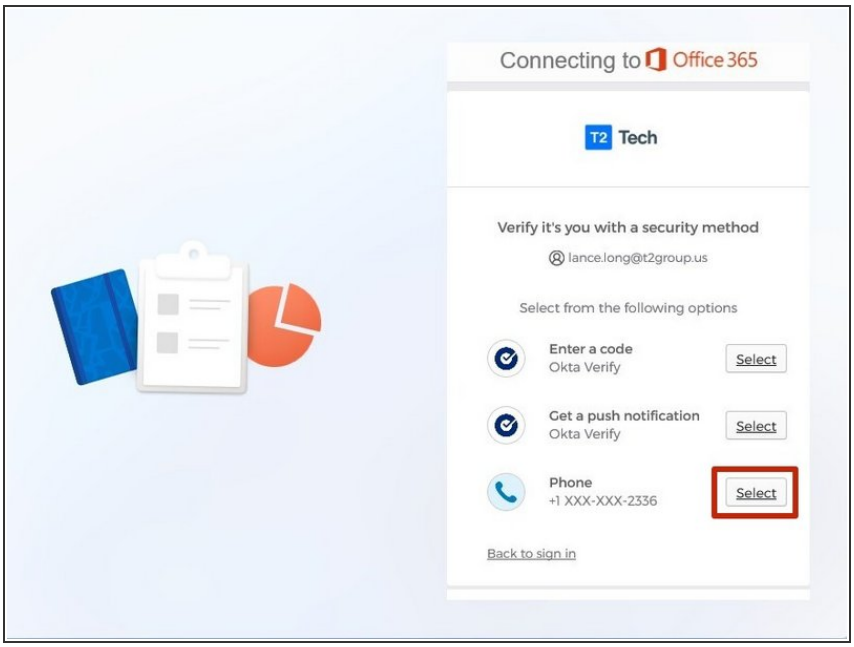

- Okta Verify is used to verify your identity.
- Enter your **AD Username**
- **AD Username:** FirstName.LastName
- Click **Next**

Step 10

- Enter your **AD Password**
- *Your password contains at least 15 characters.*
- Click **Verify**

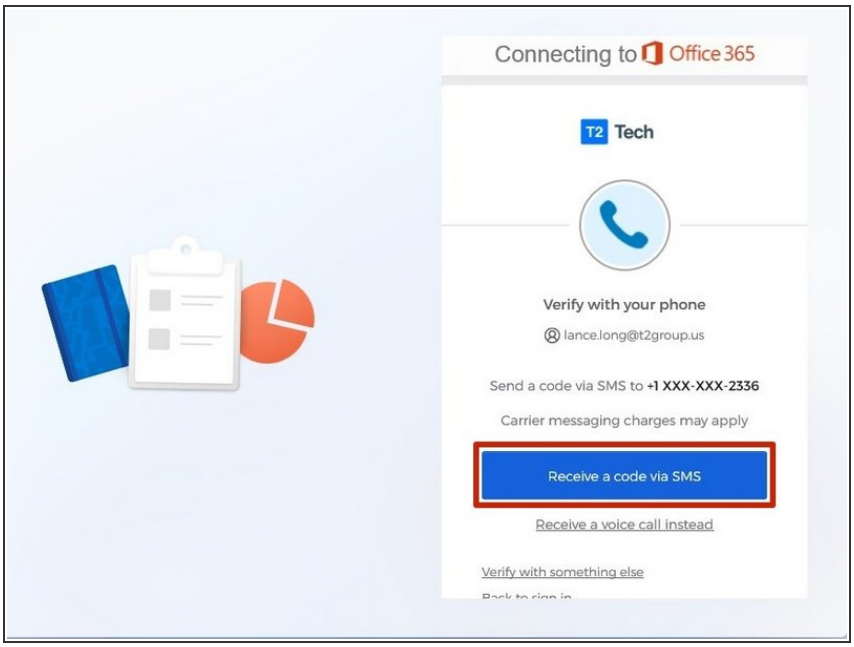

Step 11

⚠ *Okta will send a push notification to the mobile device you bound to your T2 account.*

- **Select** the method to send the notification

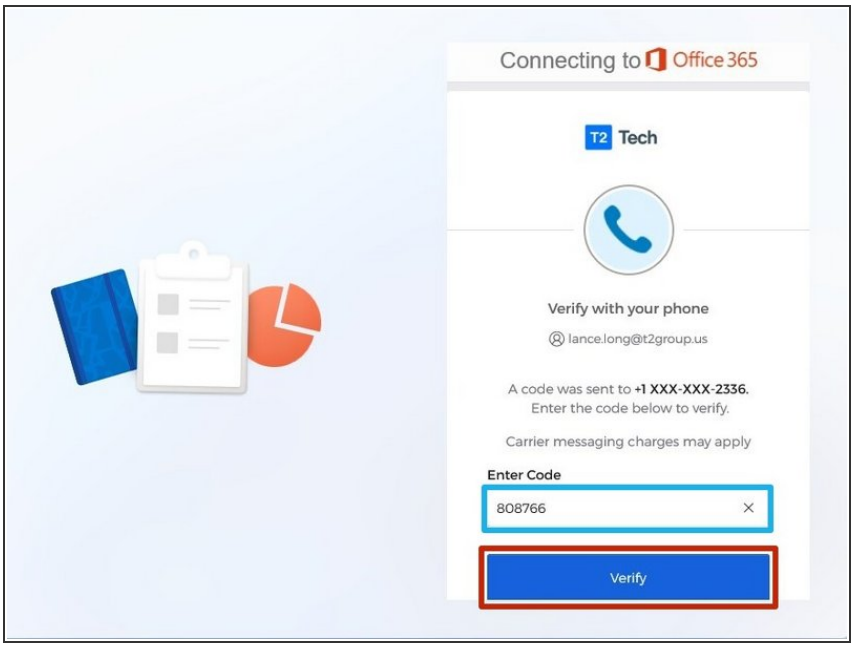

Step 12

ⓘ In this example a phone number was selected.

- Select **Receive a code via SMS**

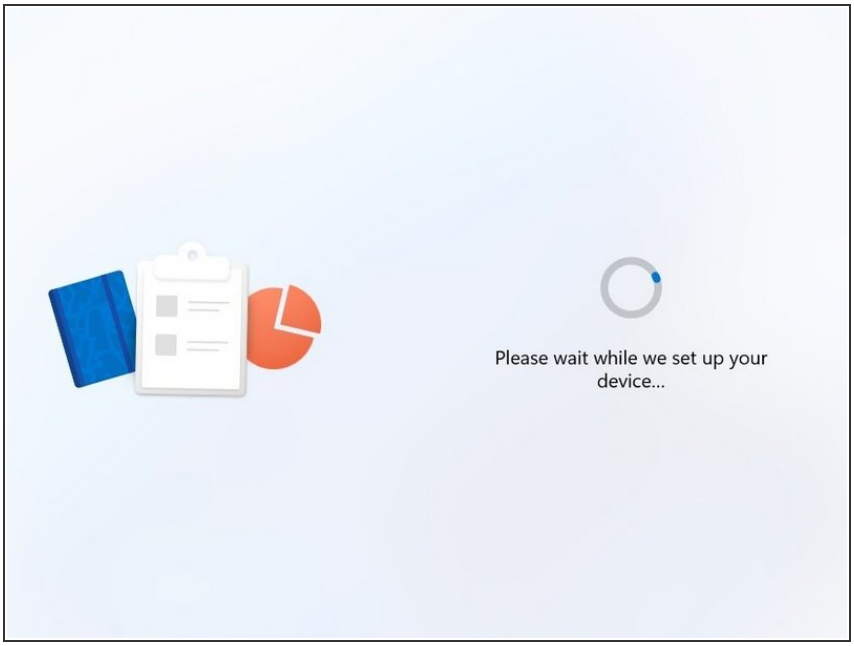

Step 13

Your mobile device will receive a six digit code from Okta.

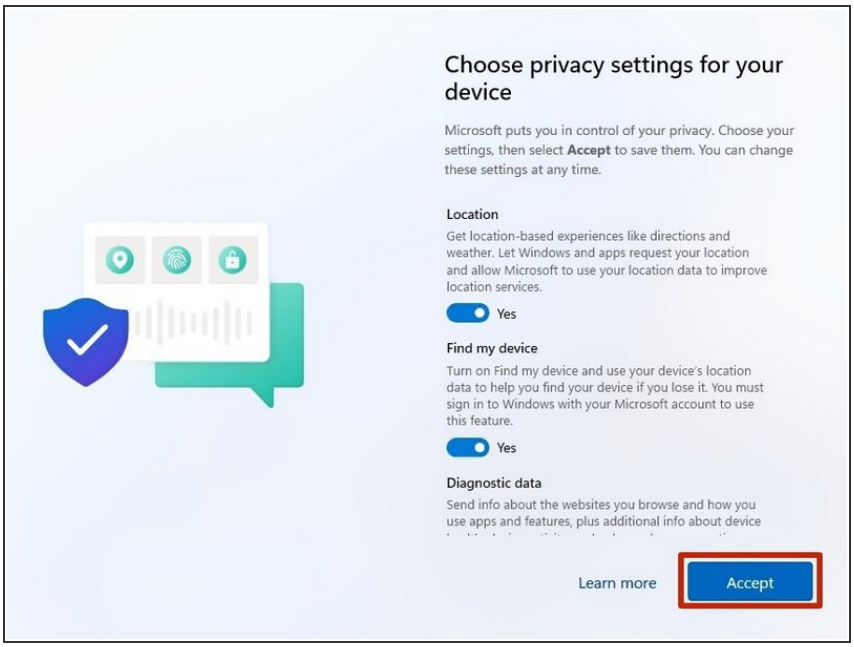

- **Enter the code**
- Click **Verify**

Step 14

Once verified, your PC will continue the setup automatically.

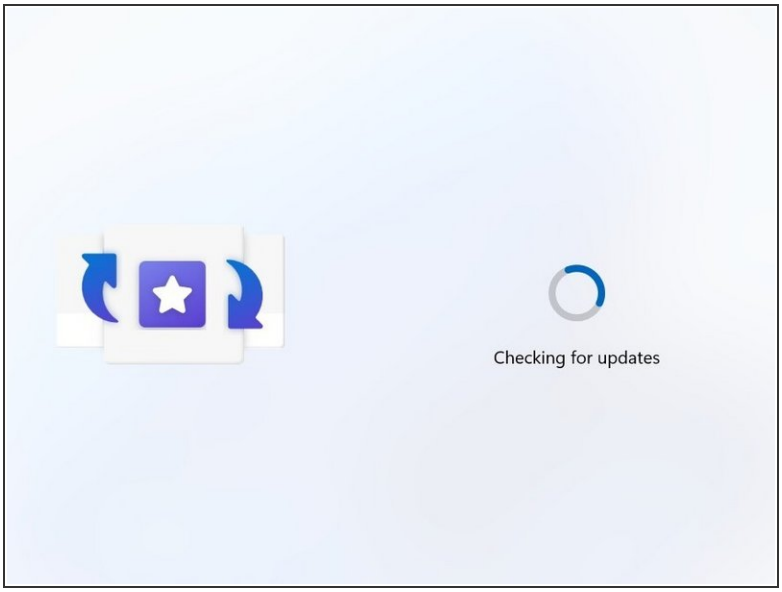

Step 15

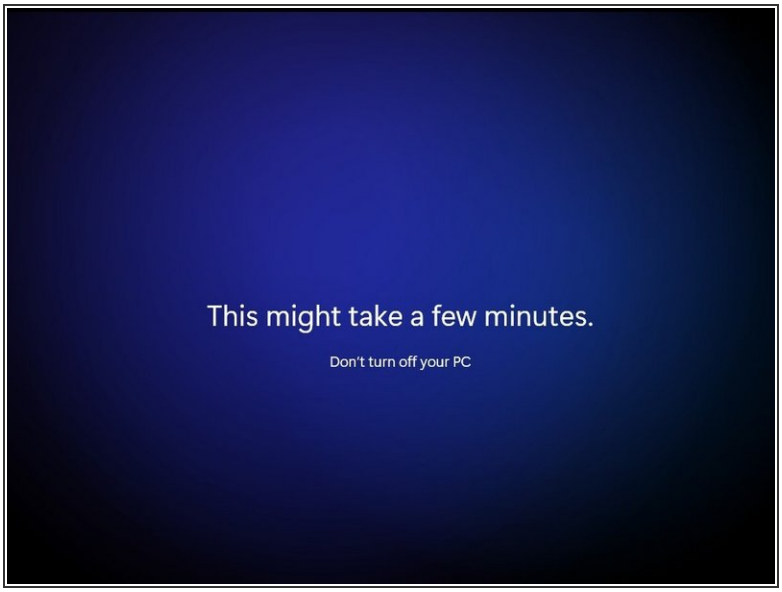

ⓘ *The default privacy settings should be sufficient. However, you can make changes if you like.*

- Click **Accept**

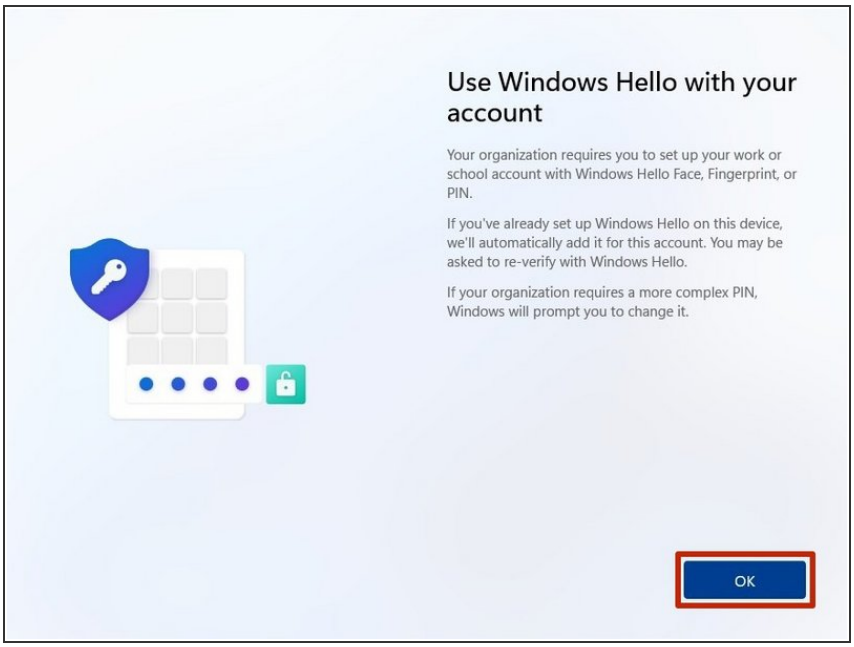

Step 16

ⓘ Be patient while your PC checks for updates and prepares to boot for the first time.

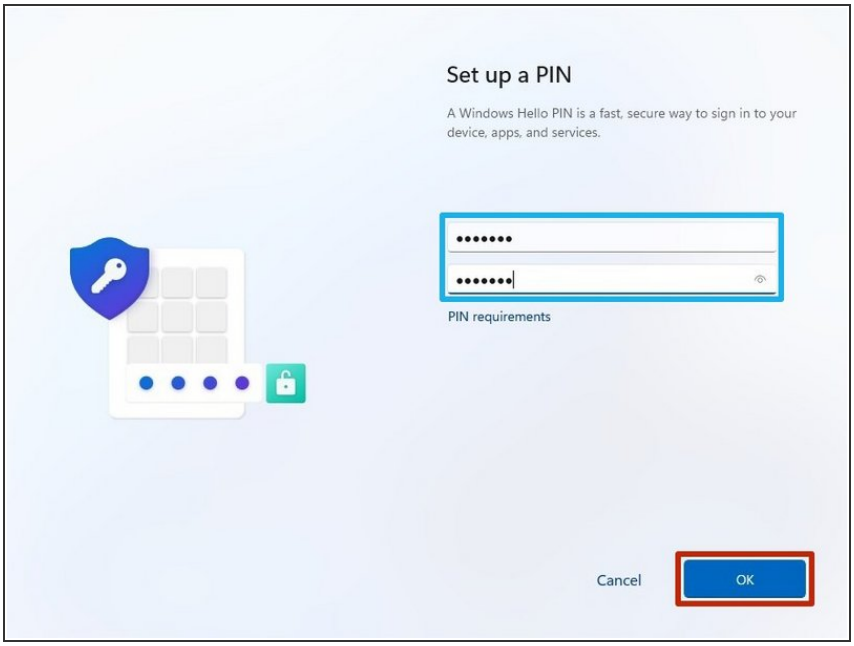

Step 17

⚠ *T2 Tech Group requires a PIN and/or Fingerprint to be configured and used to sign into your PC.*

- Click **OK**

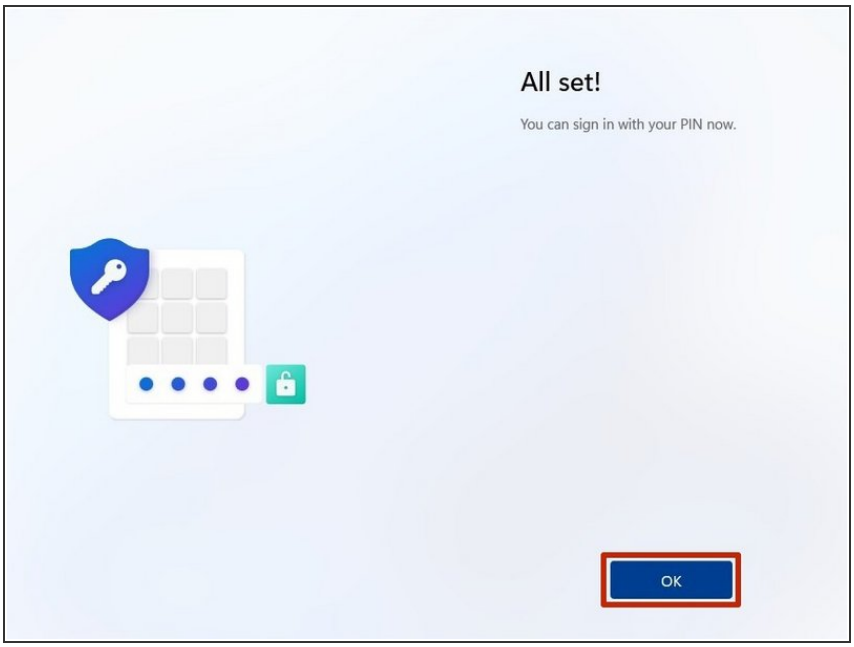

Step 18

⚠ ***T2 Tech Group requires that your PIN is at least 6 digits long and cannot be a number pattern (such as 123456 or 111111)***

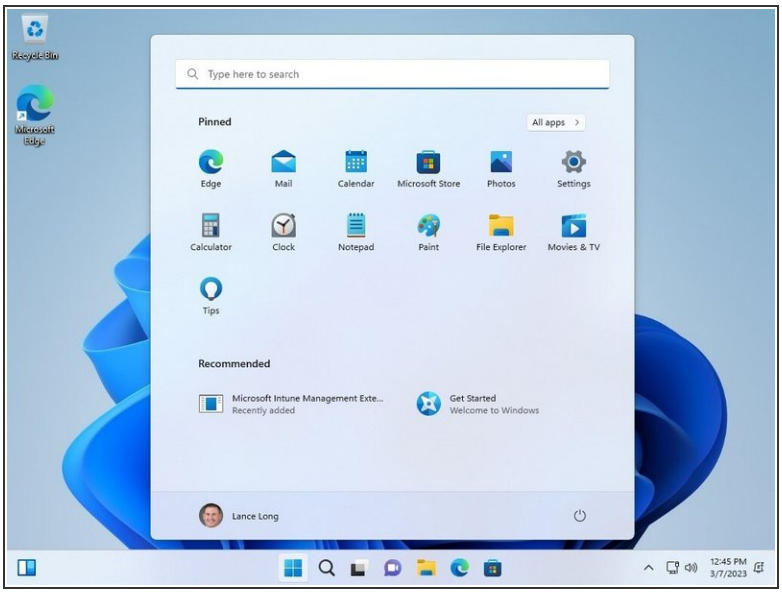

- Enter your desired **PIN**
- Confirm your **PIN**
- Click **OK**

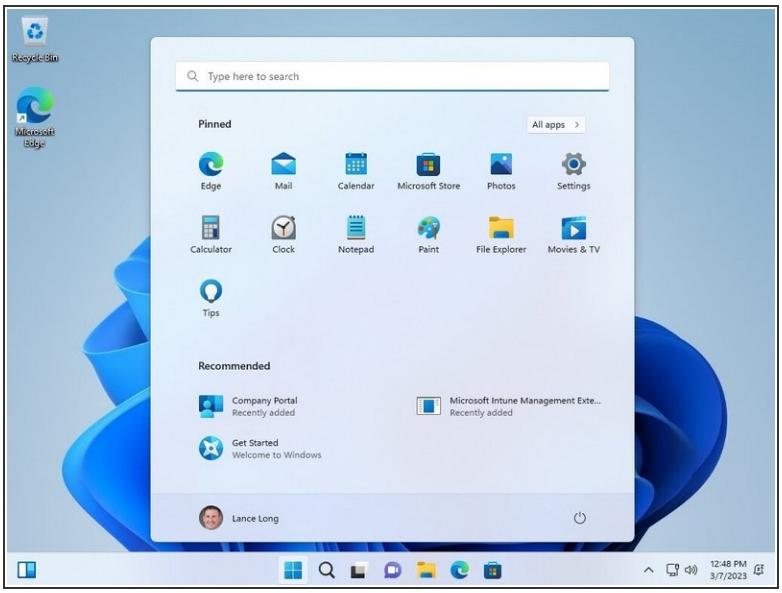

Step 19

- Click **OK**

Step 20

⚠ **T2 Tech Group will install all of the required programs in the background via Microsoft Intune.**

ⓘ *It can take 1 hour or more for all of the applications to be installed.*

It is recommended to leave your PC on over night to allow all programs to be installed and updated.
