Adding Teams as an App

Written By: Brendon Welch

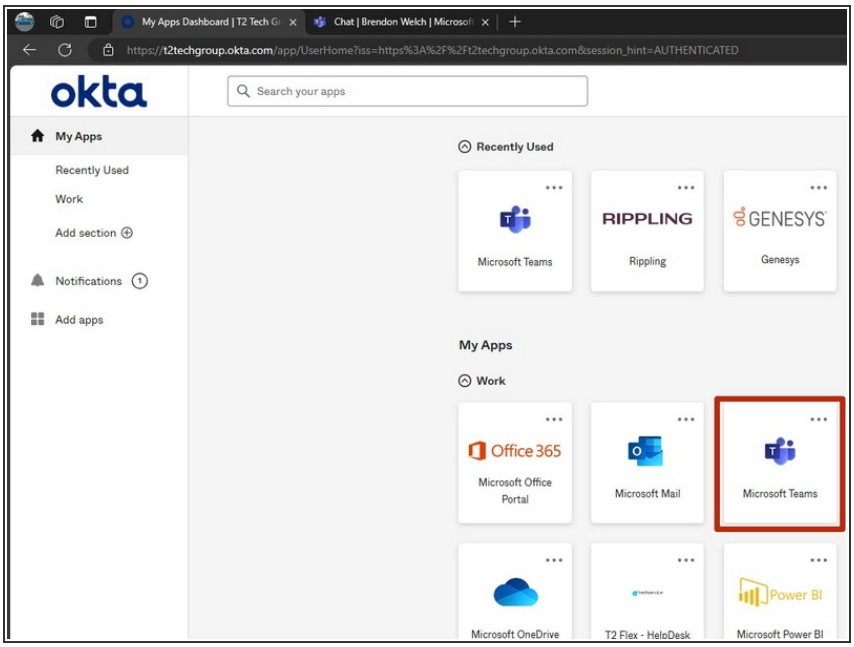

INTRODUCTION

This guide will show you how to add Microsoft Teams (web) to your browser like an application.

© 2024

Step 1 — Adding Teams as an App

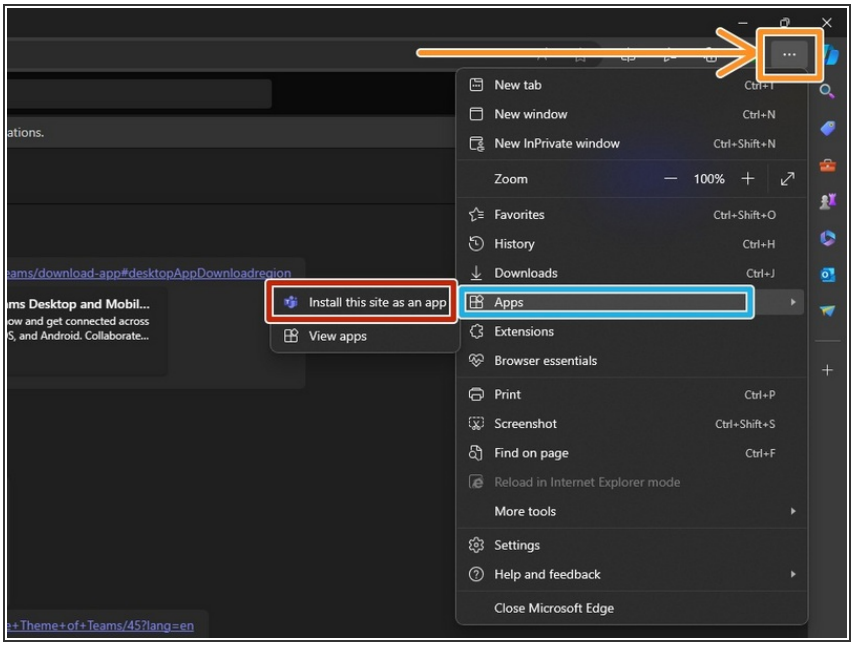

⚠ **Login to your T2 Dashboard using Edge.**

ⓘ ***Google Chrome is not Supported***

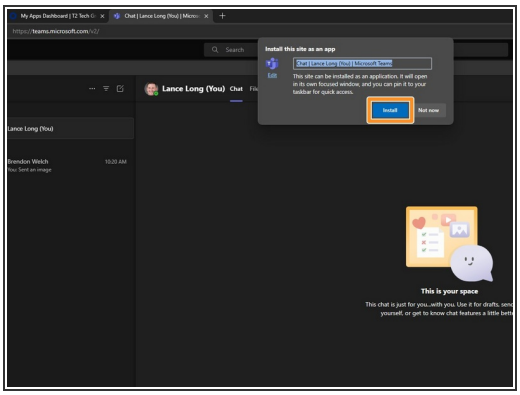

- Select **Microsoft Teams**

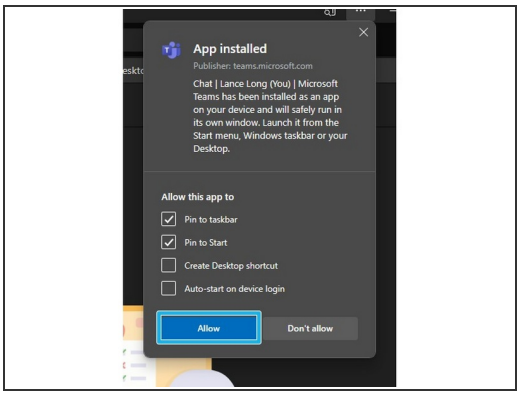

Step 2

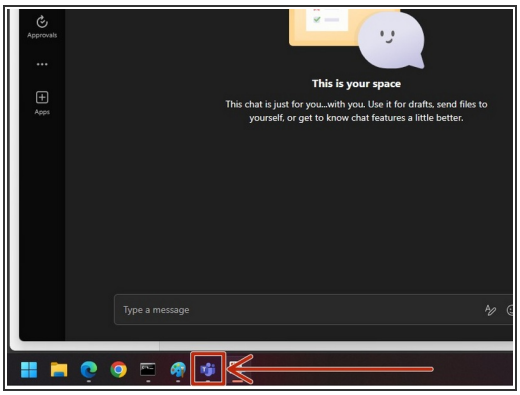

- Click the ⋯ **Ellipsis**
- Hover over **Apps**
- Click **Install this site as an app**

Step 3

- Click **Install**

ⓘ *Once Teams is installed, it will ask for permission to pin the app.*

- Click **Allow**
- **Teams will be pinned to your Taskbar**
