Step 1 — Enrolling a New Phone with Okta

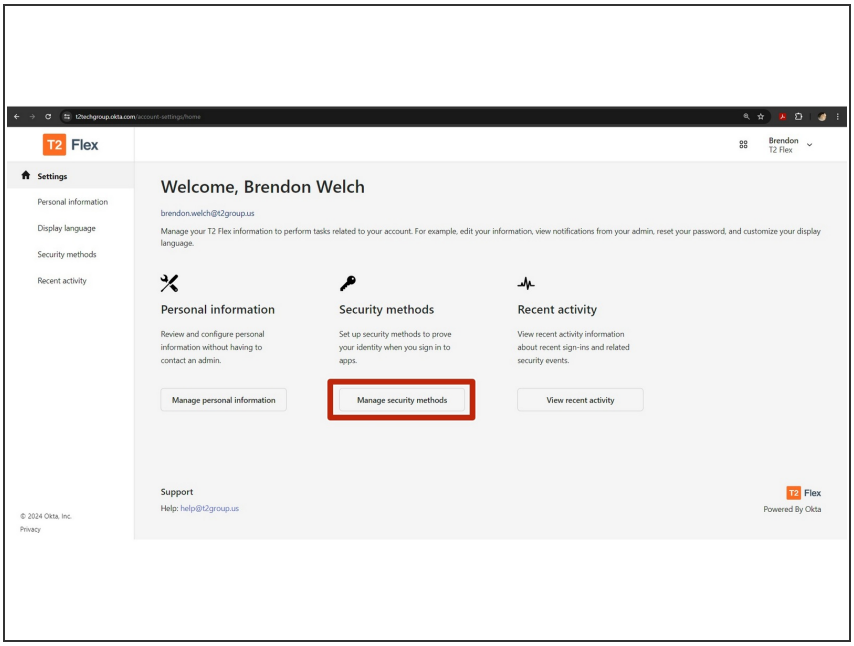

You must already be logged into your T2 Tech dashboard.

[CLICK HERE to Login to your T2 Dashboard]

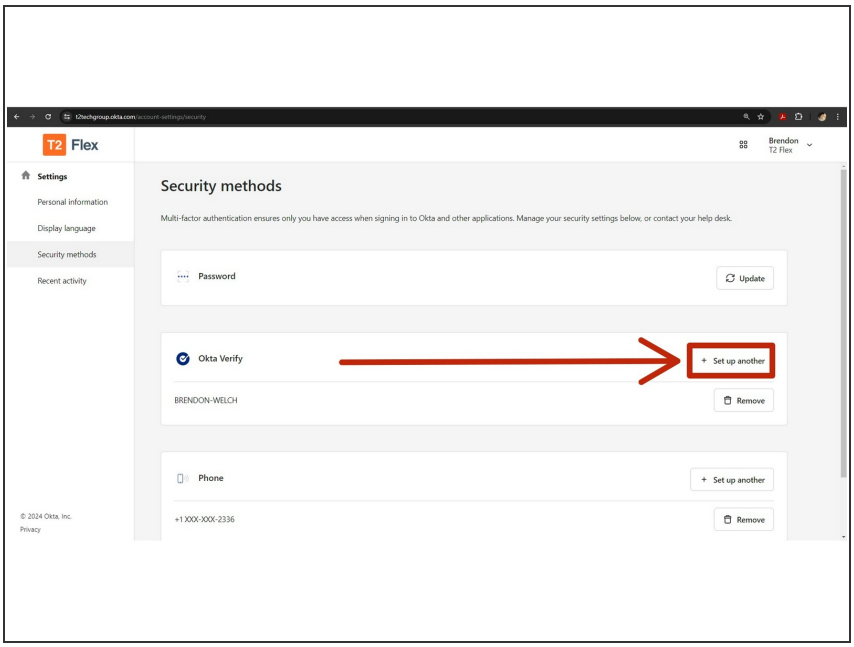

- Click on your **profile name**
- Click on **Settings**

Step 2

- Click **Manage Security Methods**

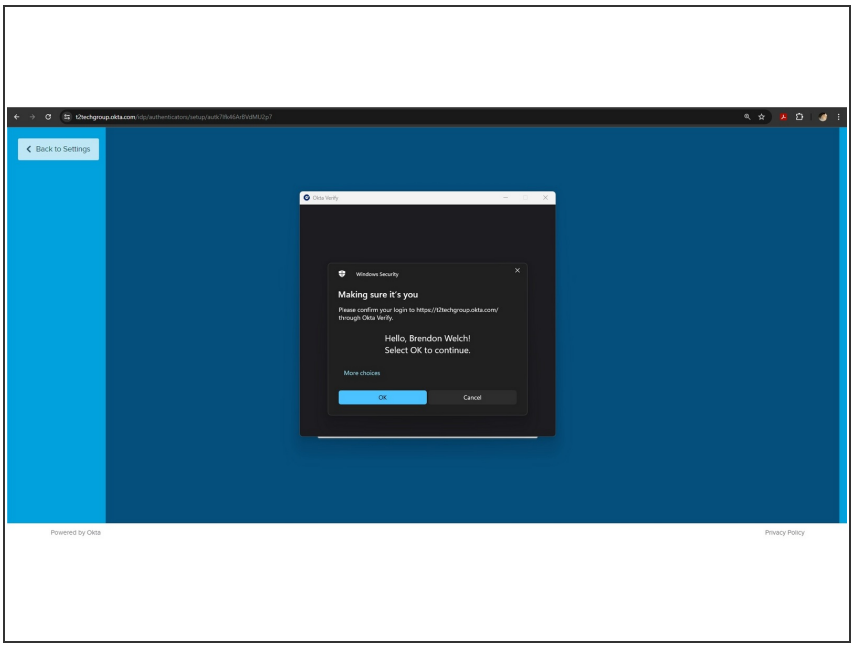

Step 3

Under Okta Verify:

- Click **Set up another**

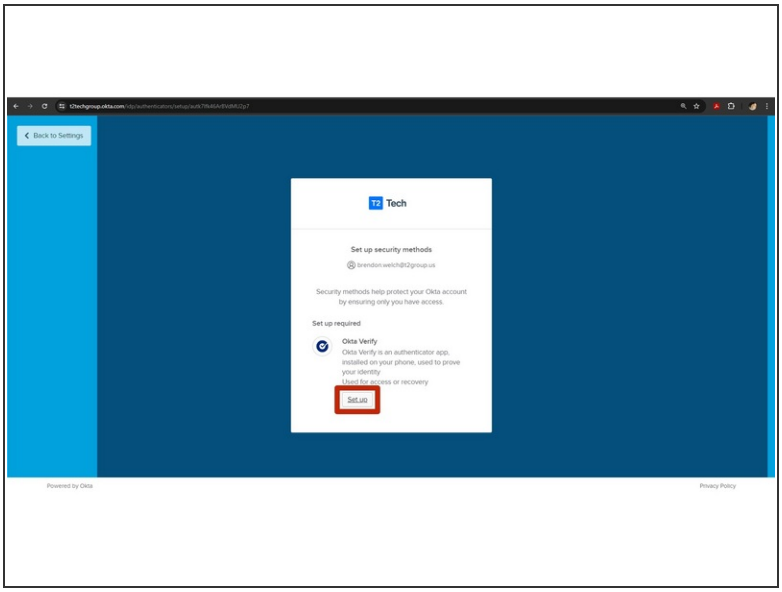

Step 4

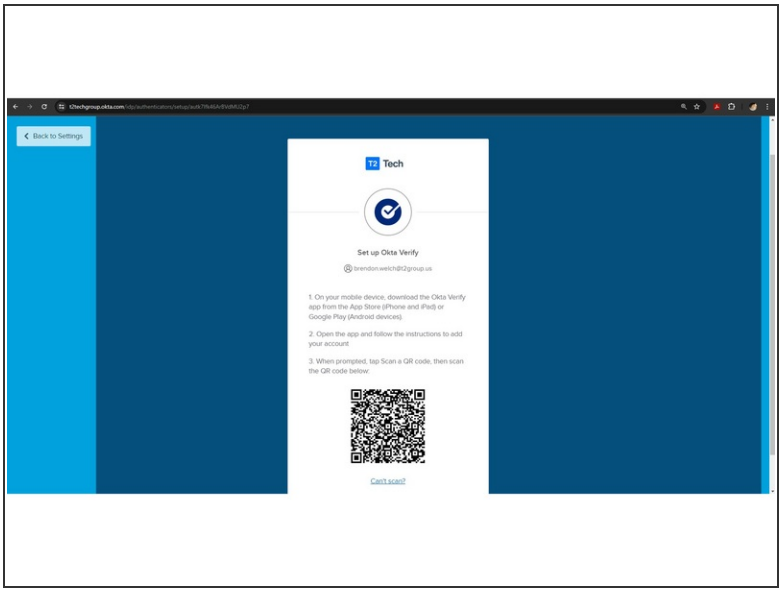

Okta Verify will confirm your identity.

- Click **Ok**

Step 5

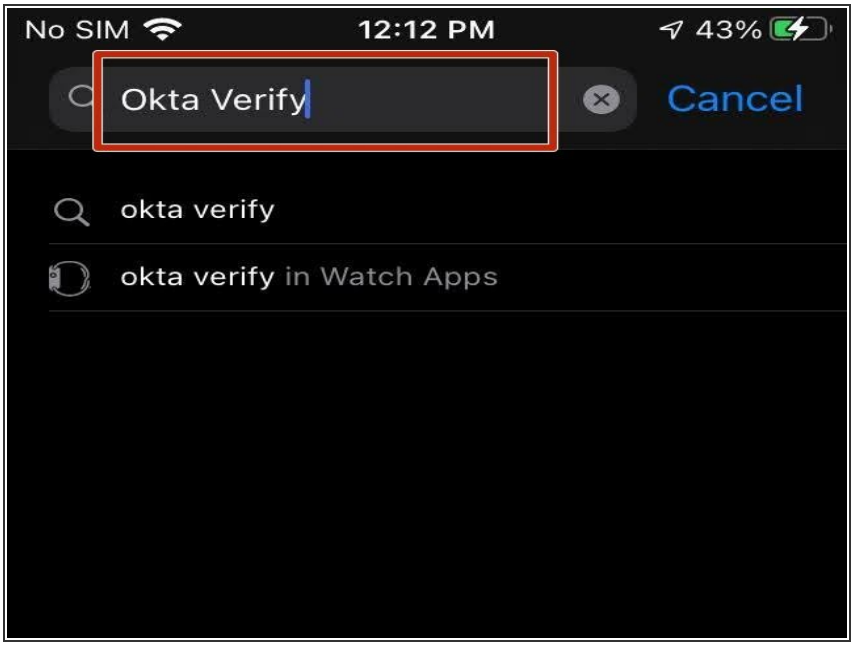

- Click **Set up**

⚠ **A QR code will appear on your computer screen. You will scan that QR code with your phone in Step 13.**

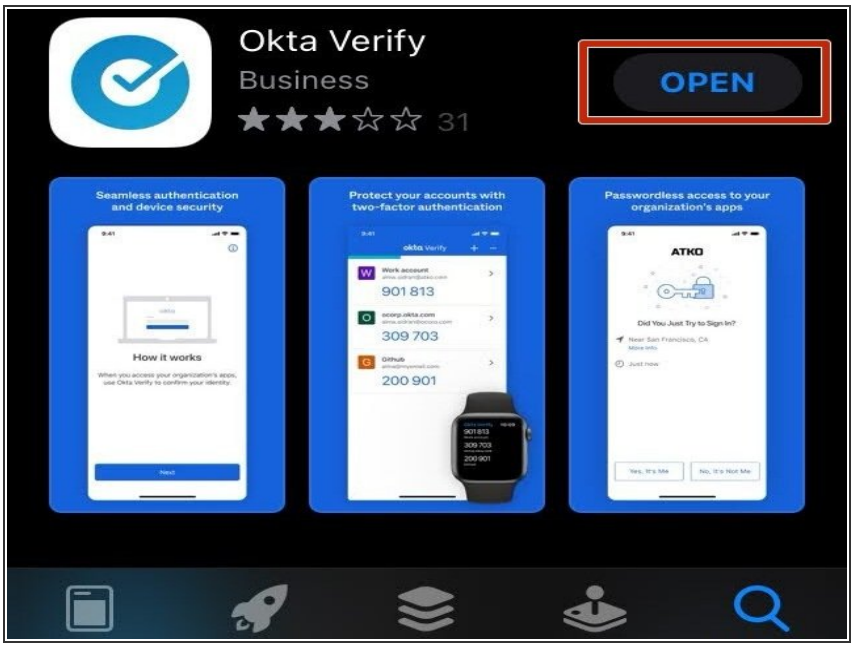

Step 6

ⓘ *Open your mobile device's app store.*

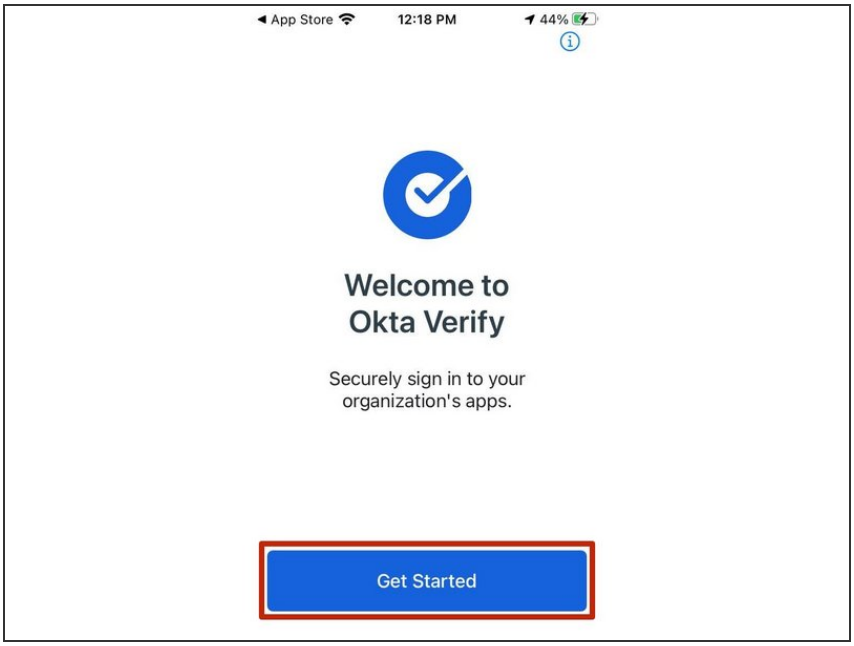

- Search for **Okta Verify**

Step 7

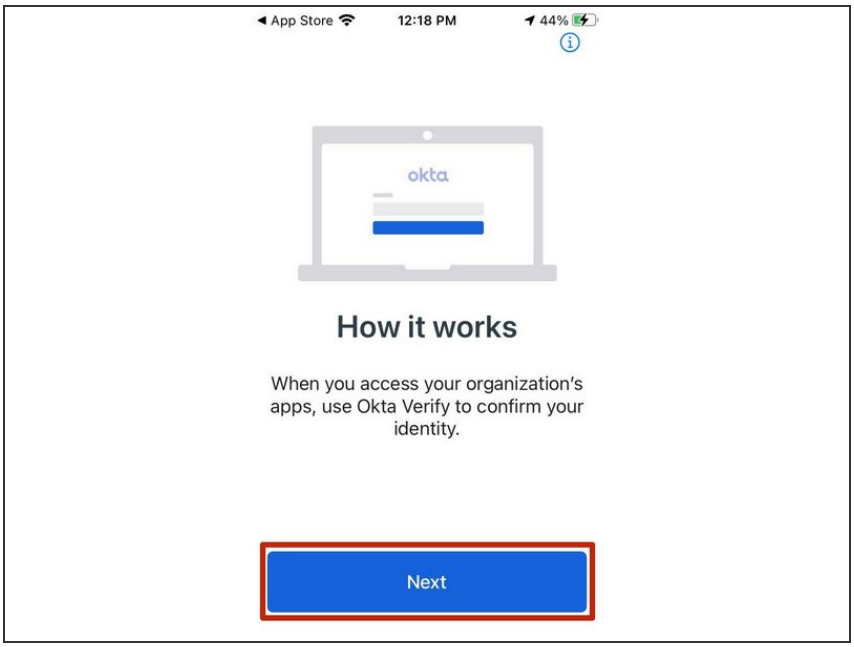

- Download and **Open** the Okta Verify app

Step 8

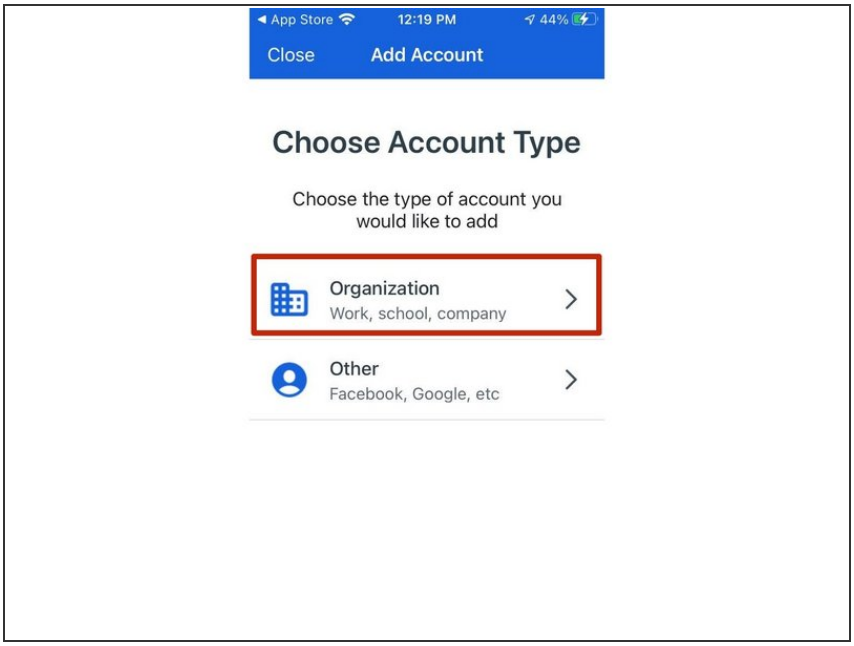

- Select **Get Started**

Step 9

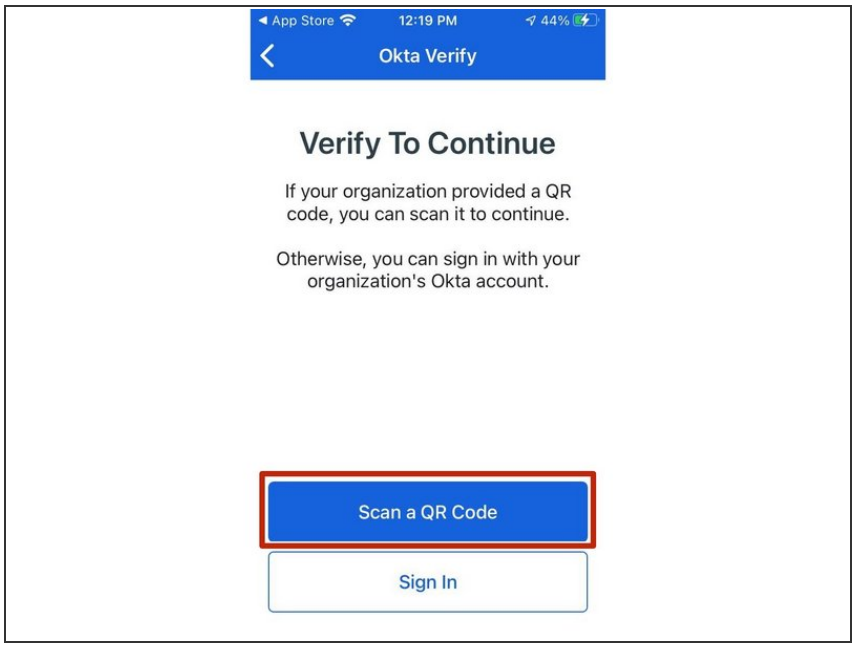

- Select **Next**

Step 10

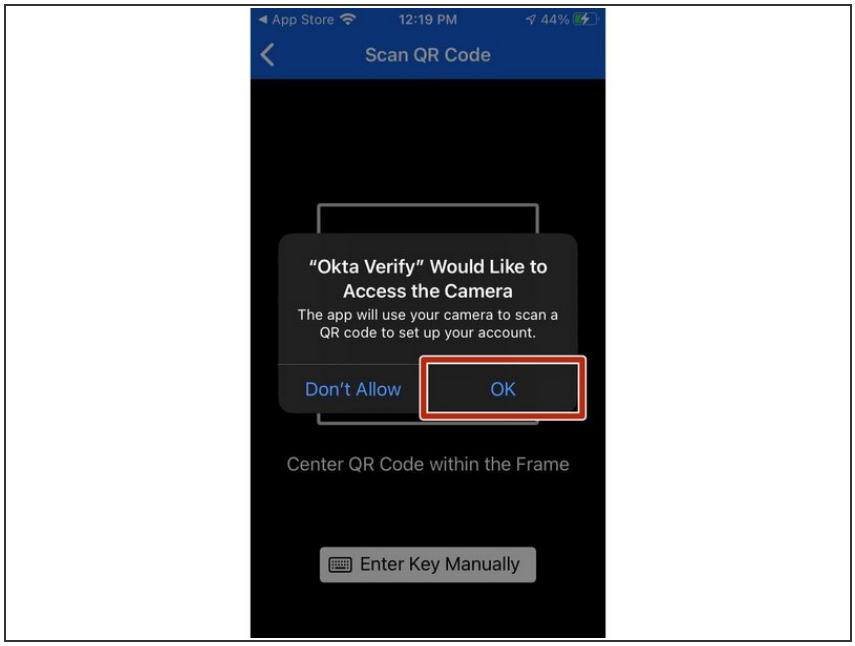

- Select **Organization**

Step 11

- Select **Scan a QR Code**

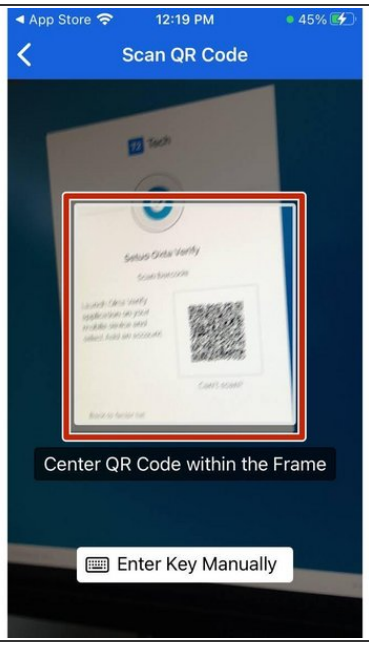

Step 12

ⓘ Okta Verify will require access to the camera on your mobile device to scan the QR code on your computer screen.

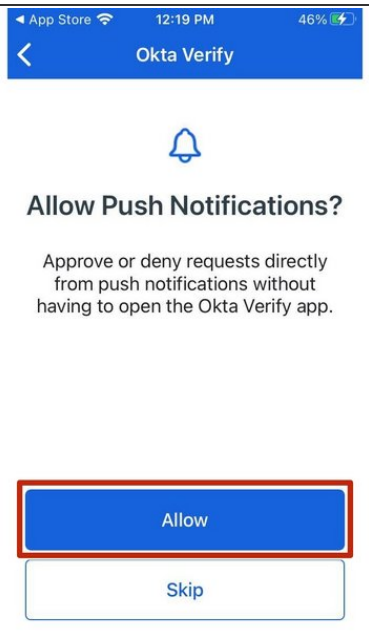

- Select **OK**

Step 13

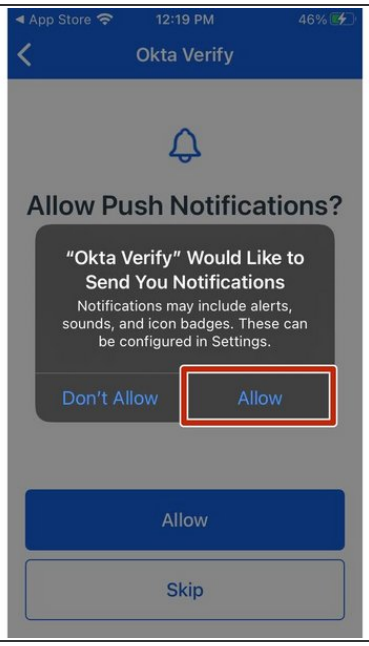

- Scan the **QR Code** on your computer screen with the camera on your mobile device

Step 14

- Select **Allow**

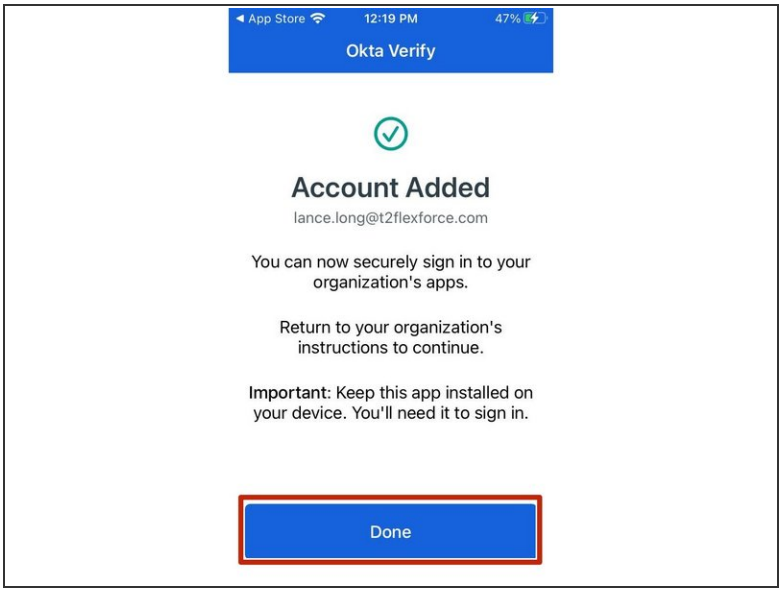

Step 15

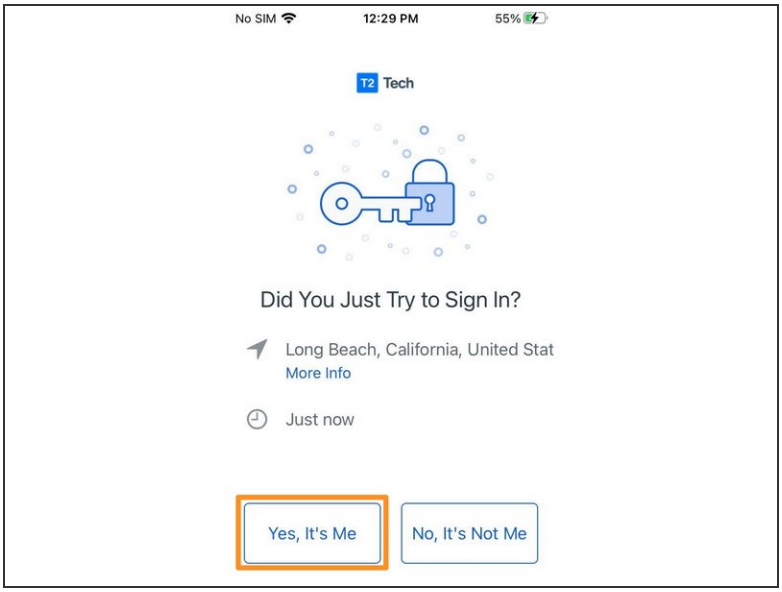

ⓘ Okta Verify will require permission to send and receive push notifications.

- Select **Allow**

Step 16

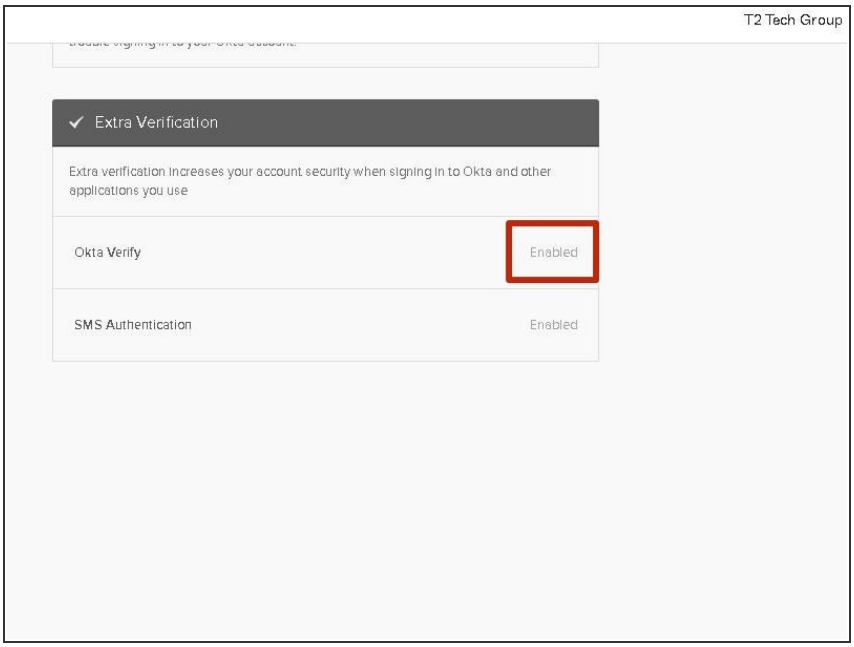

- Select **Done** to complete the setup

⚠ Each time you are required to verify your identity to login, you will receive a push notification to your mobile device.

- Select **Yes, It's Me** to grant permission
