TCsi Expert Deployment Module - Pick Your Machine

TCsi Expert Deployment module: Pick Your Machine.

Written By: Ryan Levrini

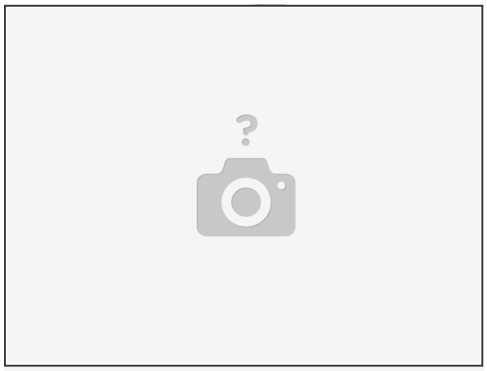

INTRODUCTION

One part of the TCsi Create My Config Expert software upgrade. It is built into the Expert Deployment guide for each lathe; run it from there so the steps are done in order.

© 2026

Step 1 — Confirm You Are in the Right Guide

- Check the model on the machine nameplate and confirm you are in the guide for that model. Each TCsi lathe has its own Expert Deployment guide:
  - TC820si - Create My Config Expert Software Upgrade
  - TC820LTYsi - Create My Config Expert Software Upgrade
  - TC820LTY-Ssi - Create My Config Expert Software Upgrade
  - TC1222si - Create My Config Expert Software Upgrade
  - TC1220LTYsi - Create My Config Expert Software Upgrade

⚠ Using the wrong guide selects the wrong machine configuration.
