Access your data - web based

This guide explains how to connect to the CORE fileservers via a web browser.

Written By: Jannic Debus

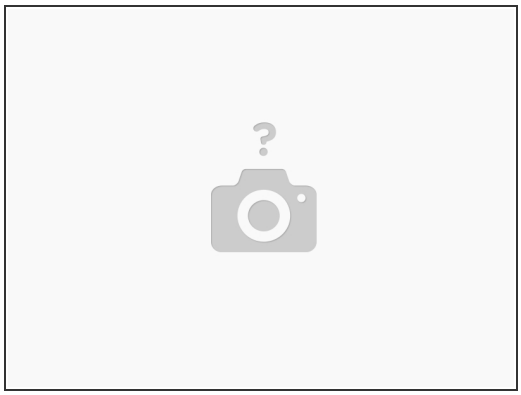

INTRODUCTION

Web solution to connect to our file servers via web browser. Accessible within West Europe without VPN. Outside of West Europe a VPN connection is necessary.

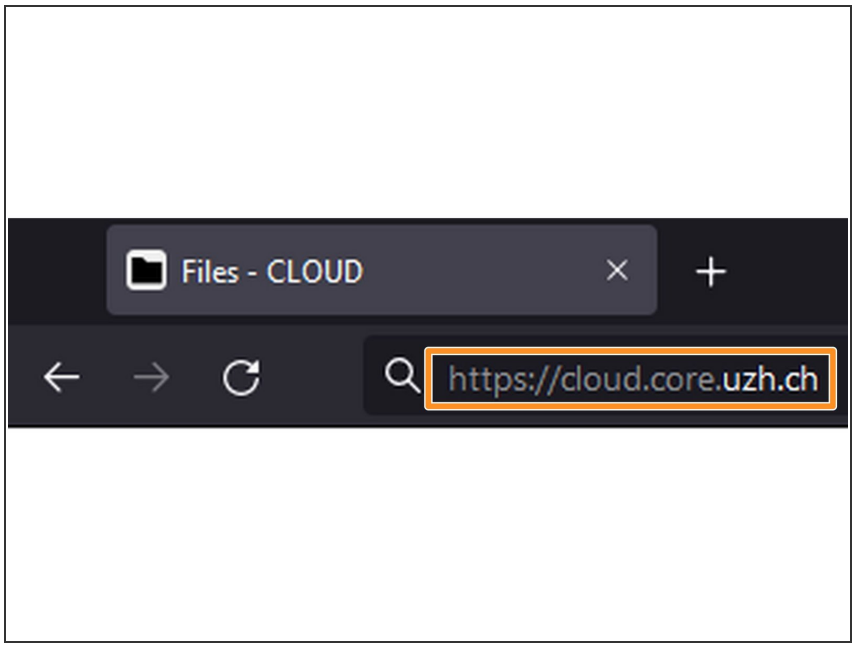

© 2022

Step 1 — Access your data - web based

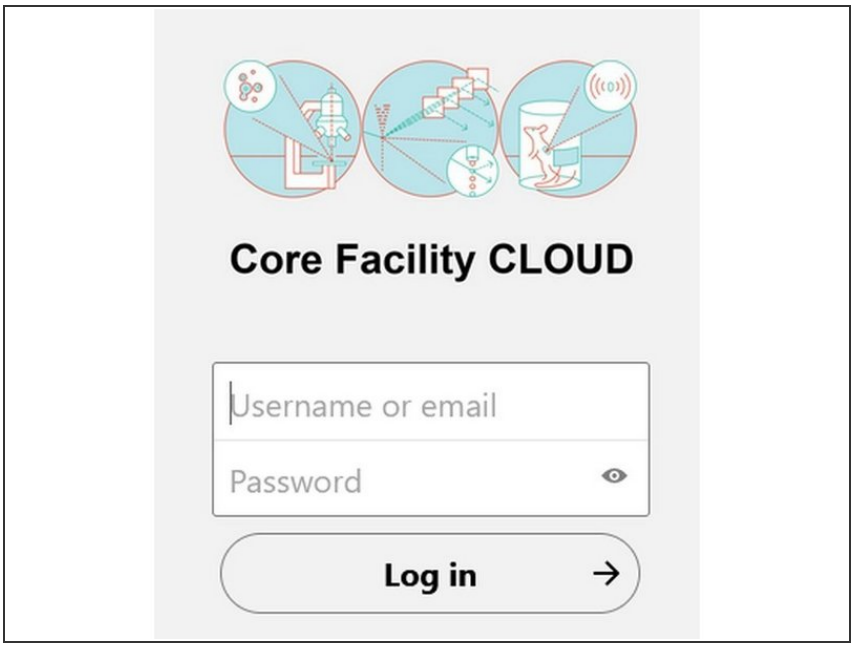

- Open your preferred web browser (officially supported are Chrome, Firefox, Edge and Safari)

Step 2

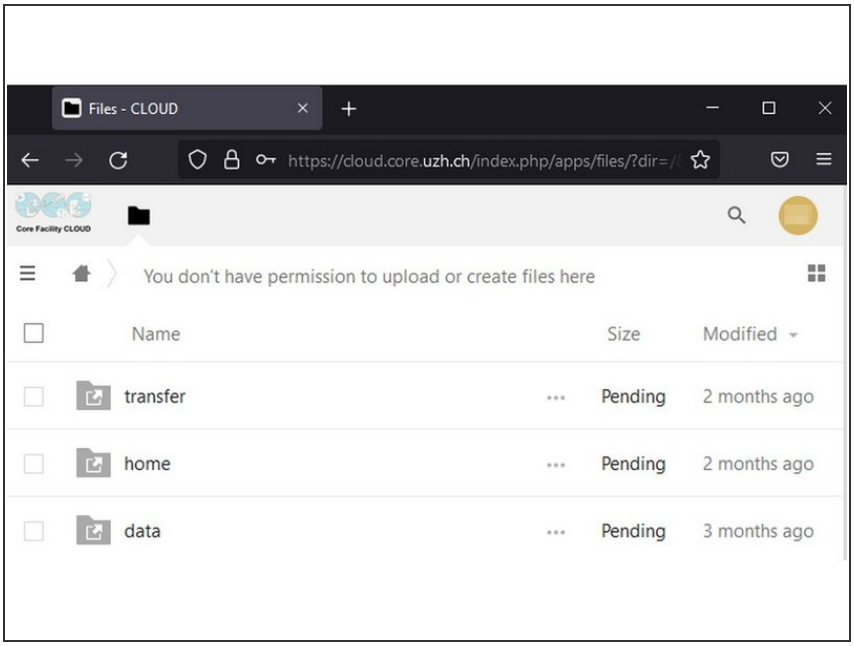

- Go to https://cloud.core.uzh.ch

Step 3

- Login with your CORE account credentials.

Step 4

- Once logged in you will see all your folders available from our fileservers.
- You can now download or upload your data.
